[Verse 1]

I wanna ask you -

G Bm G Bm
Do you ever sit and wonder, It's so strange That we could be together for
Em Bm Em D
So long, and never know, never care What goes on in the other one's
G Bm G Bm
head? Things I've felt but I've never said You said things that I never said
Em Bm Em D
So I'll say something that I should have said long ago:

[Chorus]

Am Bm Am Bm G Bm G Bm
(You don't know me)
You don't know me at all
(You don't know me)
You don't know me at all (at all)

[Verse 2]

G Bm
You could have just propped me up on the table like a mannequin
G Bm Em
Or a cardboard stand-up and paint me (paint me)
Bm D
Any face that you wanted me To be seen. We're

Am Em
Damned by the existential moment where We saw the couple in the coma and

Bm **D**
It was we were the cliché, But we carried on anyway.

If I'm the person that you think I am
C **Bm** **Em**
clueless chump you seem to think I am, so
C **Bm**
Easily led astray, an errant dog who occasionally escapes and
Em
needs a shorter leash then
